

Maine State Charter School Commission
Intent to Submit a Virtual Charter School Application

Name of proposed Public Charter School **MAINE VIRTUAL ACADEMY (MEVA)**

Proposed School Location: MEVA will serve students throughout the State. The school administrative office will be in the Portland or Bangor area, where the Head of School and other administrative employees of the school will be located. Teachers and students will be located in their homes or learning centers throughout the state.

Proposed Grade Levels: MEVA will serve students in grades 7-12

School Program Design:

Attach a brief description of your school that includes the mission, grades served and other information that you would like to include to describe the unique program and student body you intend to serve

Target Population: The target populations for the Maine Virtual Academy are students in grades 7-12 who could academically benefit from a learning environment that is different than the traditional school building with classrooms and a class schedule. MEVA students will be provided with individualized learning programs that have flexibility in pace, schedule and learning styles.

Projected Enrollment Year 1 and total projected enrollment through Year 5:
up to 300 students projected year 1 and up to 750 students projected in year 5

Anticipated opening date: September 1, 2014

Primary contact:

Amy Carlisle
Maine Learning Innovations President
149 Falmouth Road Falmouth, Maine 04105

School Description

Attach a brief description of your school that includes the mission, grades served and other information that you would like to include to describe the unique program and student body you intend to serve.

Maine Virtual Academy (MEVA), will be a full time online public charter school serving grades 7-12. Our mission is to develop each student's full potential with an individualized learning plan for their learning pace and style. The education program uses highly qualified teaching services and technology applications to deliver engaging curriculum and learning materials, continuous assessment of learning growth, and meaningful teacher/student/parent interaction and involvement.

Grades 7-8 students will study Language Arts/English, Mathematics, Science, History, Art, Music, Health/PE and World Languages. High school courses in Math, English, Science, History and World Languages will be offered in multiple levels, as well as remediation and credit recovery courses, and over 50 electives.

Course content, instruction, assignments, assessments, and supplemental materials accessed on the Internet will be combined with hands-on learning tools and materials shipped to the student. Instruction will occur through: online applications; weekly direct synchronous lessons; individual student/teacher lessons; and numerous school meetings and events.

MEVA will contract with K¹² Virtual Schools LLC, to provide the school's curriculum and selected services.
